

Name _____

Class _____ Date _____

Dream Jobs Part I

Directions: List five careers you could see yourself pursuing in the future. Without using any resources, guess what type of education and/or training each would require to become certified in that particular field and how long it would take. Last but not least, write an estimated yearly wage for each career as well.

Dream Jobs Part II

Directions: List the five careers you picked in Part I. Now using online resources, research and document the education/training required for each job, the time investment needed, and the approximate annual income earned. How accurate were you? From the facts you discovered, what surprised you the most? Has your opinion changed for any of these careers? How? Document your responses on Edmodo. Be sure to use detailed sentences.
